

As a listener of K-Love, I'd like to make comments as to why I believe that LPFM should not take priority over current FM translator service. I would not want K-Love to disappear. K-Love is the only Christian radio station broadcast to the Fairbanks area that plays positive uplifting music safe for the whole family. This is so needed in my life and the life of many others in an area where people are affected with depression more frequently due to the many hours of darkness during the winter. Furthermore, Alaska has one of the highest suicide rates in the country. The music K-Love plays brings joy, hope and encouragement to many people and is current. We also receive current news each day. I would not listen to any station if K-Love wasn't in Fairbanks. Thank you.
